

A Different Husband Every Day Novel

Chapter 6 To 10

Chapter 6

"I'm full of lies?" Li Weiyin was confused, "I never cheated you a word!"

Stubborn and upright, she makes Lou Yucheng feel powerless. His heart aches faintly. All of a sudden, his whole person relaxes and his voice is full of exhaustion: "you go away. We've never known each other. This is a separation fee."

Once he spoke, Lou Yucheng despised himself more. What he couldn't accept most in his life was cheating.

If a woman deceives and plays with his feelings like this, he will surely let her live worse than death, but in front of him, he is reluctant to give up.

Even forcing her can't do it, let alone hurt her.

A business tycoon, Lou Yucheng never makes a loss making business, but she loses nothing this time. She is also worried that she will cheat other rich people and spoil herself because she has no money.

Lou Yu Cheng, Lou Yu Cheng, you are really disgraced.

"Tell me, what did I cheat you about?" Li Weiyin must know where their problems are.

Although they have been dating for half a year, Lou Yucheng is her first love, and she has been very happy for half a year.

How can this relationship end up without a clear cause?

"Go."

Lou Yucheng closed his eyes and seemed unwilling to take another look at her and spit out a word coldly.

"Li Weiyin's feelings must have a beginning and an end, and you must give me an account!" Li Weiyin insisted.

"Account?" Lou Yucheng sneered, "what do you want to know?"

"Want to know that I'm like a fool and believe your lies?"

"I want to know that as soon as I hear that Li's family is in trouble in Jincheng, I'm eager to find a way out for you."

"I want to know how cheap I am. In order to surprise you, I will go to the door to ask for marriage with full satisfaction!"

"But you see your true face, Miss Li? You pretend to be very similar. The whole Li family, including your mother and sister who just called out, said they didn't know you! "

Lou Yucheng is approaching step by step. Every word of his is loud. The last sentence makes Li Weiyin pale.

"You say..." Li Weiyin's lips trembled. "You said they told you personally that they didn't know me?"

"Dead heart? No more. " Lou Yucheng put his hands on the wall and looked at Li Weiyin, who was helpless and even shivering all over. "I never thought

that I must find a woman with a good family background. It doesn't matter what identity you are. Why do you cheat me?"

Why cheat him?

For the first time in his twenty-eight years of life, he fell in love with a woman, but she did not tell him the truth.

So why is she with him?

Just saw Lijia jewelry news, can't wait to cheat him 300 million.

What is he in her heart?

Li Weiyin is not in the mood to pay attention to louyucheng at this moment. She thought her mother and sister said at most that she had a marriage contract or something, which would discredit her at most. However, she did not expect that they were so cruel and directly denied her in front of louyucheng!

She was shaking with anger, but she still stubbornly said to him, "believe it or not, I didn't cheat you."

With this sentence, Li Weiyin pushed away Lou Yu Cheng, grabbed his bag and ran away.

She would go home and ask why they did it.

Why deny her, Mrs. Xu can give, Lou Yucheng can also give.

What's the reason why they have to go far away!

Chapter 7

The building ran into the city for a few steps and finally stopped.

Li Weiyin's reaction in his eyes has become a guilty heart, into a run away, now chasing the past will only embarrass each other.

And his heart is really chaotic, has never been cheated, he hates people dishonesty.

For the first time, it was planted in the hands of the only woman with heart.

God knows that he was in Jincheng. He was shocked and angry when he learned from his mother and daughter that the girl in his collection was not Li's family.

At that time, he wanted to call Li Weiyin to question her, but he still held a glimmer of expectation. He remembered Li Weiyin saying that her relationship with her parents was flat.

Although he did not think that the Li family, who was in a state of trouble, had reason to refuse him at this time.

He still stayed one more day to verify that Li Weiyin was denied by the servants of the Li family who had been working for more than ten years or friends who had frequent contacts with the Li family.

All the way back, his mind tossed and turned, but when he got home, looking at her busy figure in the kitchen, he was inexplicably calm down.

There was such a moment, he said to himself, cheated on it, they have a good

talk, he is willing to aggrieve himself to forgive her once.

But he did not speak, Li Weiyin asked him for money first.

He was even willing to give her money without asking anything, but she was not satisfied.

If she had a trace of true love for him in her heart, she would not open her mouth to him through the news of Li family's accident.

Finally, he could not deceive himself. All her intentions towards him were just a long-term fishing.

He doesn't know how to treat Li Weiyin now. He regards her as a woman who used to play.

But let him take out his heart and lung again to treat a woman who deceives him, he can't do it.

Li Weiyin doesn't know the idea of Lou Yucheng. At the moment, she can't take this into consideration. She is in a mess.

Once thought that they just did not like their parents, but they are really a family.

In terms of material, Li was idealistic from small to large, and she also had it.

Once she was lost, sad and tried hard, but later she was relieved. On the way to travel, she heard a sentence: "people's heart is biased, whose heart is in the middle?"

Yes, ten fingers are still long and short. If you don't expect it, you won't feel

sad if you don't expect it.

But if the building meets the city, Li Weiyin is heartbroken again.

What made them lie, what made them deny that she was their relative.

Lou Yucheng's fortune is known all over the country. Her mother goes to the celebrity feast every day. How can she not know?

If all the people who pay the debts to the door are pushed away, they must ask her to join the Xu family?

There must be something fishy in this that she doesn't know. She has to find out!

Li Weiyin took the fastest flight back to Jincheng all night and went straight to her home.

As a result, the doorbell rang and a stranger opened the door: "who are you looking for?"

"Here Isn't it the Li family? " Li Weiyin is a little confused.

"The Li family has moved. Why don't you relatives and friends know that Li's family is still here a few days ago?" The woman who opened the door was the nanny at home. She said, "you go to 28 Lihua street."

Li Weiyin responded and immediately pressed on the mobile phone and handed the picture of the screen saver to the other party: "was this the one who came to ask a few days ago?"

"Yes, such a handsome young man is rare." The other party recognized it at a glance, which showed that he was deeply impressed by Lou Yucheng.

Chapter 8

Li Weiyin's heart sank to the bottom of the valley.

She managed to smile and thank each other, and then turned around in a daze.

Their house moved, no one in the family informed her, and she was not afraid that she would not find her home when she came back.

She told Lou Yucheng her family address, Lou Yucheng came here first, but found that it was not right at all, otherwise she would suspect.

After all, how many parents in the world forget to tell their daughters that their family has moved?

If it was not for her own experience, Li Weiyin would not believe it.

She did not know how complicated she was when she came to 28 Lihua street.

28 is Li Weixin's birthday. On February 28th, her mother must be very sorry that there is no 228.

Looking at the complex look at the night, covered with a warm color halo villa, bright light so warm, but why she felt so cold.

It is so close, but she knows that this layer of warmth, she will never touch.

She rang the doorbell for a long time, but there was no strength in her hand.

She didn't know why. At this moment, she didn't want to enter this strange place.

Turning around, she was drawn by the street lamp shadow into the night, the moon left a lonely, but no trace.

Raising his wrist and looking at it, Li Weiyin found a 24-hour restaurant and ordered something to eat.

On the plane, she was upset and didn't eat anything. Li Weiyin was a little hungry at the moment.

She felt that she was very hearty. She could still feel hungry at this time, so she was not so sad.

After eating something tastefully, Li Weiyin didn't want to sit here. She walked on the night and walked slowly.

On the way, I ran into the security guard of the community night shift, and kindly reminded her that a little girl should not be out in the middle of the night.

Li Weiyin felt that the world was warmer than indifference.

She's not afraid at all. She's not afraid of the wilderness. What's more, it's full of bright big cities.

There was someone who didn't have long eyes. She just wanted to vent.

I walked aimlessly for a while. I didn't know which street I had reached.

Suddenly, there was a rapid footstep approaching her.

Li Weiyin stopped one and suddenly turned around, scaring the people who came.

Before Li Weiyin could see the other side's appearance, the tall figure flashed and rushed to the woods beside her.

Then a group of people rushed over, looking at all suits and leather shoes, a middle-aged man with four or five strong men.

"Little girl, have you seen such a tall man in a black shirt and white trousers?" Seeing Li Weiyin, the middle-aged man strides forward and roughly compares the height.

Although she didn't feel the malice of the group or the ferocity of the group, Li Weiyin shook her head.

Just now the man was strong, she had not noticed that he was close, she had not seen the appearance, the other side had been hiding.

It's obviously not a good fault. She'd better not offend people.

The middle-aged man was very disappointed. He directed several people behind him to look for people in different directions. He was very worried. He told Li Weiyin: "little girl, it's not safe to go home early because it's so beautiful."

Smile politely and watch the other person disappear into the night.

After waiting for someone else to leave, Li Weiyin also turned around to leave. Only two steps later, a tall figure jumped down in front of her.

Chapter 9

He is tall and tall, with a height of 185.

His black shirt was tucked in his trousers to show his good figure. His long legs were decorated with white slacks.

His hands were casually inserted in his trouser pockets, and he stood sideways in front of Li Weiyin. The moonlight just fell from his direction and enveloped him.

It was a very beautiful side face with a charming curve in the corner of his lips. He slightly turned his head to Li Weiyin and winked his right eye: "thank you."

Blurred and deep voice, with indescribable charm, has not disappeared in the night, others have disappeared.

Li Weiyin didn't take this incident to heart. She finally went back to No. 28 Lihua street at dawn and rang the doorbell.

Ah Hui's sister-in-law, who has worked for her for many years, opened the door in surprise when she saw Li Weiyin: "Miss, are you back?"

"Well." Li Weiyin smiles politely.

"When it's cold, it's coming back quickly." Ah Hui's sister-in-law immediately led Li Weiyin into the door. "Miss, you haven't been to your new room. I'll take you there. In the innermost part of the second floor, there's a big balcony you like best. It's left for you by your husband. It's all arranged according to your preference..."

"Where's my mother and my sister?" Li Weiyin asked as she followed ahui upstairs.

"My wife and second lady are in the hospital these two days." A Hui sister-in-law said this, her eyebrows and eyes were covered with melancholy.

"Is there anything special about my dad at home recently?" Li Weiyin asked casually.

"No big deal." A Hui's sister-in-law shook her head and said, "a few days ago, our side was not peaceful. It is said that several family's children were kidnapped. The second lady specially told us that those people were kidnap children of rich families. If strangers come to inquire about the eldest lady, we should not expose them."

With that, a Hui's sister-in-law carefully looked at Li Weiyin: "Miss, the second miss is actually very concerned about you in private."

Seeing two girls grow up here, sister-in-law ah Hui knows the estrangement between the two sisters most.

"Yes, she really cares about me." Li Weiyin laughs in a vague way.

At that moment, she understood the crux of the problem.

It is Li Weixin who weaves a lie. It is too easy for Li idealist to persuade Fang Meixian.

But her father is in hospital again, Lou Yucheng can't see anyone.

My mother and sister, the domestic servants who have been working for more than ten years, all say that she is not the first lady of the Li family, and there is a family address in front of her. It is not surprising that Lou Yucheng was

so abnormal when she heard that she borrowed money on the grounds of Li family crisis.

It's hard to believe it was her. After all, Li's wife, second miss, and servants were all fake people.

As for why Li Weixin lied, she was hostile to herself from childhood to adulthood. Either she didn't want to live a happy life, or she was a 19-year-old girl who adored Shaoai in youth and fell in love with the same man as her sister.

The most unfortunate thing is that her mother was so easily persuaded to lie with her baby daughter.

Completely regardless of the matter stabbed in front of her, those words hurt her deeply.

Maybe this is the difference between caring and not caring, but she didn't deeply understand it before.

"I went to the hospital to see Dad." Standing at the door of the room, Li Weiyin turned decisively.

"Miss, do you know which hospital it is? Wait, I'll call Xiao Chen to see you off..."

Chapter 10

Li Weiyin forgot the cry of a Hui's sister-in-law and got into a taxi. Li Weiyin couldn't help laughing at herself.

Probably in the eyes of all people, she is a natural cold-blooded person without affection.

When Li Weiyin arrived at the hospital, Li jinbrown had already transferred from ICU, but she had not recovered. Fang Meixian and Li Weixin were having breakfast.

Seeing Li Weiyin's first sentence, Fang Meixian said in surprise, "you're back. We'll meet Mrs. Xu this afternoon."

Her tired face glowed in an instant. This was probably the first time Li Weiyin saw her looking forward to her coming back.

"Mom, I have something to ask you. Let's go out and talk." Li Weiyin side to see Li idealism to put down the dishes and chopsticks to stand up, she snapped, "you sit down, Dad, here you need people to watch."

"What do you mean to your sister?" Fang Meixian is not happy.

Pianli Weixin was afraid of Li Weiyin and sat down obediently.

"If you don't want to be on the street with her, I'll wait for you outside." Li Weiyin ran out of patience.

She turned around and went to the quiet corner of the hospital, which was probably a garden for the patients to walk in, because it was very early and there was no figure in sight.

"If you have something to say, your sister hasn't finished breakfast yet." Fang Meixian came over with a gasp in her stomach.

"Am I born?" Li Weiyin's voice is cooler than the morning dew.

"Do you want to say I'm partial again? Li Weiyin, you are 22 years old. When can you grow up? " Fang Meixian first said, "your sister is a little younger, which family doesn't take care of the younger one? When your sister was not born, I only took care of you wholeheartedly. After your sister was born, I didn't ignore you. She got less than you... "

"I just want to ask you, am I your own?" Li Weiyin is impatient to listen to Fang Meixian's truth.

"Of course, this is the hospital. If you don't believe it, we'll have a DNA test now!" Fang Meixian was also very angry with her daughter's attitude, and her face was extremely ugly.

"Then why do you lie and deny that I am your daughter in front of others?" Li Weiyin asked.

Fang Meixian's eyes twinkled with a guilty heart, but she didn't want to lose face in front of her daughter. She took out the elder's style: "you are my daughter, I want to say yes, I want to say no, it is not. I haven't said you, fall in love with your family behind your back, and I'm not afraid to be cheated. Do you have me and your father in your heart? Your father hasn't woken up now, and he hasn't seen you care about a word. When he comes back, he knows that your conscience has been eaten by the dog because of your love and love... "

Turning off the recording in the mobile phone, Li Weiyin walked away, but was grabbed by Fang Meixian: "where are you going?"

"Get the 300 million you want." Li Weiyin coldly glances at Fang Meixian and opens her arm.

Li Weiyin just walked back to the ward and wanted to ask the attending

doctor about his condition. Several nurses scolded Li idealism in the ward: "how do you care for the patients? There is no needle and water, and you don't know to call the nurse. If we didn't happen to come to the ward round and the patient had just transferred from ICU, do you want him to go in again?"

"I'm sorry, I'm sorry. My sister and my mother have been out for a long time. I'm worried that my sister and my mother will have a conflict. Seeing that my father still has a lot of needles, I want to find someone..."

Li Weiyin's words were not finished, but his arm was pulled and Li Weiyin slapped him when he turned around.

The loud slap on the face shocked all the nurses present.
